

Hydroalcoholic solution for rapid hand disinfection. Very high antibacterial properties thanks to its composition (75% alcohol).

**Health Canada : NPN 80098502**

**Formulated in accordance with the World Health Organization.**

The friction technique improves hand hygiene effectively, saving time and reducing the risk of intolerance (more effective and better tolerated than washing). It is recommended in particular in emergency situations, in case of impossible access to a washing station, ... Ideal for all industries.

## INSTRUCTIONS FOR USE
