This is in reference to your letter dated February 16, 2001, concerning the aforementioned disposable gloves for which you have requested acceptance for use in federally registered food establishments.

Based on the available information, no objection would be taken to the use of the above disposable gloves in registered establishments.

This acceptance is not to be misconstrued as an endorsement for this or similar disposable gloves, and their use in Registered Establishments will depend upon their continued acceptability to all concerned.

Should any changes occur in the chemical formulation of the aforementioned disposable gloves, then this acceptance will be considered **NULL** and **VOID**.
