

ABSORBENT

Sylprotec offers you liquid oil and liquid chemical absorbents. Liquid oil absorbents are especially made to absorb oil and to let the water go through whereas chemical liquid absorbents absorb everything.

Here is other absorbent forms; sheet, pads, boudins, pillow, emergency kit. All of them can answer your specific needs for maintenance and to intervene in an accidental discharge.

GENERAL PURPOSE ABSORBENTS

ABUG18002

GENERAL PURPOSES

Oil-Dri all-purpose absorbent granules, 40 pound (18 kg)
Ideal for industries, factories, laboratories, garages, workshops, etc..

The contents of a bag can absorb between 3.5 and 4.5 gallons (13-17 liters) of spilled material, depending on the viscosity of the liquid.

These granules are non-chemically treated clay. They can absorb most liquids aqueous solutions, mineral oils, coolants, corrosive acid products, paints, inks, etc. The granules do not crumble and leave no dust.

SAD7

Green sweeping powder, 50 pound (22.7 kg)
Reduces dust during sweeping.

Excellent maintenance for warehouses with cement flooring.
