

RESPIRATORY PROTECTION

For a better understanding, we have subdivides masks in 3 different groups;

- Paper;
(Dust protection).
- Cartridges;
(To filter dusts, & vapour).
- Air purifying/Air supplying;
(When contaminants cant be filter with cartridges and/or contaminants can cause death).

Sylprotec's selection come from 3M and North; the 2 majors manufacturers of respiratory protection. These 2 manufacturers have develop enhanced products that are certified and in use in most of the industries.

The choice of a mask should be made accordingly to the contaminants used and length of exposure.

N95 RESPIRATORIES BY 3M

R8210

- * Meets NOISH 42 CFR 84 N95 standards.
- * Excellent protection for workers.
- * Comfortable & easy to use.
- * Easy adjust nosepiece for better comfort.
- * Can be wear with security glasses.
- * 20 respiratories per box, 8 boxes per case.

**FOR MIXING, SANDING
AND NUISANCE DUST WORKS**

- * Meets NOISH 42 CFR 84 N95 standards.
- * Model with valve for a better comfort for workers in hot areas.
- * Easy adjustable nosepiece for better comfort.
- * Light, very comfortable and greatly appreciated by workers.
- * Can be wear with security glasses.
- * Design of the mask allows a better communication between workers.
- * Box of 10, 8 boxes per case.

**FOR MIXING, SANDING,
NUISANCE
DUST WORKS
AND IN HOT AREAS**

R8511

N95 RESPIRATORIES BY 3M

- * Meets NOISH 42 CFR 84 N95 standards.
- * Especially design low profile allowing a better vision.
- * Compatible with other security equipment such as; face protectors.
- * Easy to fold for pocket storage awaiting next use.
- * Easy adjustable nosepiece for better comfort.
- * Can be wear with security glasses.
- * Individually wrapped to avoid contamination.
- * Box of 20, 12 boxes per case.

N100 AND P100 RESPIRATORIES BY 3M

R8233

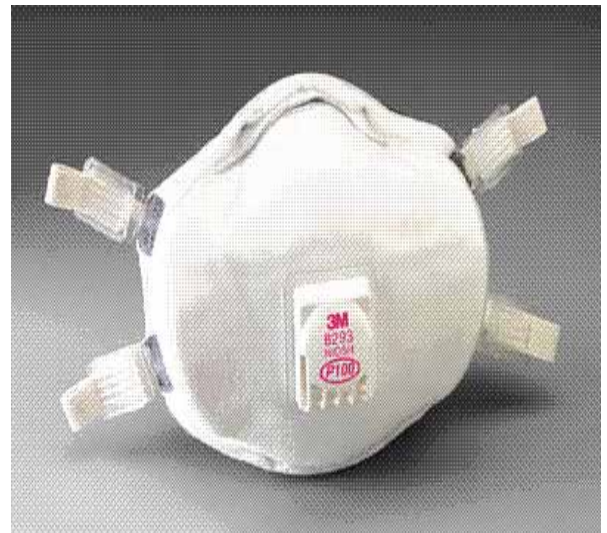

- * Meets NOISH 42 CFR 84 N100 standards.
- * Valved model for better exhalation, better comfort and for use in hot areas.
- * The design makes it more comfortable to wear and it's waterproof.
- * Easy adjustable nosepiece for better comfort.
- * Wearable with face protectors and glasses.
- * Light and greatly appreciated by workers.
- * Individually wrapped, 20 bags per box.

**FOR WORKERS EXPOSED TO
LEAD, ARSENIC,
WELDING SMOKE,
PHARMACEUTICALS
AND FOR HOT AREAS.**

- * Meets NOISH 42 CFR 84 P100 standards.
- * Valved model for better exhalation, better comfort and for use in hot areas.
- * Easy adjustable nosepiece for better comfort.
- * Wearable with security glasses.
- * Light and greatly appreciated by workers.
- * Comfortable design for better water resistance.
- * Individually wrapped, 20 bags per box.

TYCHEM HOOD FOR 3M PAPR

RH410

- * Hood made of tychem®.
- * To be used with P.A.P.R. 3M GVP series.
- * Light & to comfortable wear.
- * NIOSH approved.
- * Used in pharmaceutical production.
- * Conform for workers with beard.
- * Available in pack of 2 (RH411) or pack of 10 (RH410).

RH110

- * Self-adhesive visor protector.

RH114

- * Hood & chin strap.

RH113

- * Hood suspension.

RW3222

- * Hood & hose clip.

CODE	DESCRIPTION	BOX OF
RH410	Tychem® hood with turtleneck , economic package	10
RH411	Kit including: 2 hoods with turtleneck RH410, 2 visor protectors RH110, 1 of each of the following: RH113, RH114 & RW3222	1
RH420	Tychem® hood with bib economic package	10
RH421	Kit including: 2 hoods with bib RH420, 2 self-adhesives visor protectors RH110 & 1 of each of the following: RH113, RH114 & RW3222	1
RH110	Self-adhesive visor protector	10
RH113	Hood suspension (RH410 or RH420)	2
RH114	Chin strap for hood (RH410 or RH420)	2
RW3222	Hose clip (RH1XX) & hood clip (RH410 or RH420)	2

FIREPROOF HOOD FOR 3M PAPR

RH920

- * Resistant to sparks & fire.
- * To be used with P.A.P.R. series 3M GVP.
- * Used for grinding, cutting, petrochemical, foundry, paint spray, smelting and hazardous waste.
- * NIOSH approved.
- * Conform for workers with beard.

CODE	DESCRIPTION	BOX OF
RH920	Fireproof hood with bib	5

FILTERS & CARTRIDGES FOR 3M PAPR
